## **Bringing It All To The Aftermarket**

In the 1980s, DENSO became the first to mass-produce the platinum spark plug and offer it in the aftermarket. A decade later we introduced the world's most advanced spark plug, Iridium Power®, which revolutionized the concept of the aftermarket performance plug. By the late 1990s, the world watched with great interest as DENSO unveiled a line of OE-standard premium replacement components under the First Time Fit® brand. Today, the First Time Fit line of products includes A/C compressors, cabin air filters, condensers, evaporators, radiators, receiver driers, expansion devices, starters, alternators, oxygen sensors, fuel pumps, oil and air filters, ignition wire sets, tire pressure monitoring system sensors, engine management sensors and wiper blades.

**DENSO is one of the world's largest automotive component suppliers with over \$35.9 billion in annual sales.**

A fines de la década de 1990, el mundo observó con un gran interés cómo DENSO anunciaba una línea de componentes de reemplazo estándar de equipos originales de calidad superior bajo la marca First Time Fit®. Actualmente, la línea de productos First Time Fit incluye: compresores de AA, filtros de aire de cabina, condensadores, evaporadores, radiadores, receptores secadores, dispositivos de expansión, arrancadores, alternadores, sensores de oxígeno, bombas de combustible, filtros de aceite y de aire, juegos de cables de encendido, sensor del sistema de control de presión de los neumáticos, sensores de administración del motor y escobillas limpiaparabrisas.
